

Athletic Fees and Event Passes for St. Mary's High School

ATHLETIC FEES

Our fees that are required by all athletes allow for the department to provide services such as full-time strength and conditioning coach, athletic trainer, pay for officials, transportation costs, and continued facility maintenance/improvements. For certain programs there are additional costs per athlete, these additional costs are for items that the athlete will keep as their personal items at the season end. These fees can be paid only through our tuition manager Amy Kurkowski. The method of pay be via check, credit card or you may contact Mrs. Kurkowski about our tuition payment option. These arrangements or payment must be taken care of before athlete can compete in the first game. Club sports may pay the athletic fee to gain access to the strength and conditioning program; athletic training services must be contracted through the specific club sport.

The athletic fee structure is as goes:

Participation in 1 sport \$150 per year

Participation in 2 or more sports \$225 per year
